# Canalgrande

## **Rivestimento decorativo spatolato con cristalli lucenti per interni**

Per sua vocazione dà forma alle idee, reinventa gli spazi dell'abitare sfidando le leggi del tempo. La raffinata robustezza della pietra sprigiona forte suggestione, la maestria esecutiva rende unici gli ambienti contemporanei. La luce accende i minuscoli cristalli incastonati nella texture e crea scenografici effetti superficiali.

Canalgrande viene applicato in almeno due strati, con una resa indicativa di 2-2,4 kg/m<sup>2</sup> a lavoro finito.  
Attrezzi: frattazzo inox.

## **Glossy spatula effect interior decorative coating with sparkling crystals**

Conceived to turn ideas into reality and give a new look to dwelling spaces, defying the laws of time. The tough yet refined stone effect suggests strength, while application skills create unique contemporary surroundings. The light makes the minute crystals embedded in the texture sparkle, generating striking surface effects.

Canalgrande is applied in at least two coats, with an indicative spreading rate of 2-2,4 kg/m<sup>2</sup> for two coats.

Tools: steel trowel.
